* **The Suggested Schedule** above is simply one way you might consider organizing your time. Some Suggested Schedules may differ from the Master Schedule by eliminating or shifting some activities, offering an alternate viewing time for a General Session or Workshop (**identified in a shaded box**) to better fit a time zone. Of course, you may have other changes you would prefer to make to better meet your needs, including watching some sessions together (a “watch party”) and then discussing them and praying together as a group. Regardless, **the Master Schedule** includes all activities, and everyone is welcome to participate in anything that they choose – even in the middle of the night! ☺ Our hope is that this option will provide the maximum of flexibility for all conference attendees.

General Sessions will premiere on YouTube at the designated time on the Master Schedule (and will be available for viewing **at any time after that to fit your time zone best**). HOWEVER, there are two occasions when we encourage EVERYONE to participate simultaneously if at all possible - during **General Sessions #2 and 4** (*these are the only times when everyone can participate worldwide on the same date*).

Workshops will premiere at the designated times on the Master Schedule (most will be prerecorded on YouTube, some live using Zoom Webinar), and will be available for viewing at any time after that. **Prayer Gatherings, Affinity Groups, and Fellowship Receptions** will only use Zoom and will not be recorded (to allow for freedom in conversations and prayer).
